

ENGINEERING, PROCUREMENT, FABRICATION, & CONSTRUCTION

www.patonenc.com

At Paton, we engage our most important assets "people". Together we foster and deliver innovative process control and automation solutions for the energy and process industries, to improve and sustain our customers' assets.

Paton is committed to safety with **35 years without a Loss Time Injury**. We empower individuals to employ safe and environmentally responsible practices. We passionately promote the health and welfare of our teams and community.

Our engineering, procurement and construction groups work together to **maximize safety and constructability in our design and installations**. We excel at high quality and timely installation and have the unique ability to perform full EPC projects.

Paton forges strong mutually beneficial, long-lasting relationships, built on trust and respect. By listening, we are able to **deliver effective solutions**, which are aligned to our customers' need.
